Pat,
Don't worry, we've been discussing this topic recently. By the way, I'll be reviewing your project.
Have a great weekend!

Rene and Susan,

I was talking to Sho-Tai An he mentioned that the drainage study for rugged should go to him and not FCE. Tule creek is an unmapped inundation zone. Just checking, I don't want to get comments from FCE if we do not have to. There is three copies of the drainage study in the submittal. I am not sure which one of you will get this project.
